### Focus on: Community College of Philadelphia

Community College of Philadelphia is an open admission, associate's degree-granting institution, which provides access to higher education for all who may benefit. Programs of study in the liberal arts and sciences, career technologies and basic academic skills provide a coherent foundation for college transfer, employment and lifelong learning. The College serves Philadelphia by preparing students to be informed and concerned citizens, to be active participants in the cultural life of the city, and to be able to meet the changing needs of business, industry and the professions. To help address broad economic, cultural and political concerns in the city and beyond, the College draws together students from a wide range of ages and backgrounds and seeks to provide the programs and support they need to achieve their goals.

Community College of Philadelphia seeks to create a caring environment that is intellectually and culturally dynamic and encourages all students to achieve.

Community College of Philadelphia is the largest public institution of higher education in Philadelphia and the sixth largest in Pennsylvania. The College has served more than 685,000 individuals since it began operation.

More than three-quarters of graduates in transfer programs continue on to four-year institutions.

#### **Institutional Impact**

With 80 percent of our graduates employed in Philadelphia, and 95 percent working in the Greater Philadelphia region, the College impacts key industries in the city. Beginning a college education here leads to more career options, with greater financial stability and a higher lifetime earning potential than is possible without a degree. Our graduates are talented, educated citizens who improve their own lives and strengthen Philadelphia as a whole.
