FOUNDATION

Find us on social media and tell us  
why community college is  
important to you.

**#PANeedsCommColl**  
**#EndCCStigma**  
**#CCMonth**

For 28 years, the Pennsylvania Commission for Community Colleges has joined Phi Theta Kappa to honor students who have been nominated by their colleges to the All-Pennsylvania Academic Team.

The All-Pennsylvania Academic team awards, building from the National All-USA Academic Team for two-year colleges, recognize a remarkable group of community college students who have achieved excellence and demonstrated a commitment to their colleges and communities.

These students represent the diversity of community colleges and are a testament to the colleges' mission that was created nearly 60 years ago: to provide an accessible and affordable path to higher education for all Pennsylvanians.

The majority of the All-Pennsylvania Academic Team members will graduate with the intention of continuing their education at baccalaureate degree-granting colleges and universities.

We honor these students for their accomplishments and wish them success as they strive to fulfill even greater achievements in their lives.

Congratulations to all our 2022 student scholars!
