Introduction of Honored Students

*Joshua Novak, Ed.D.
Dean of Student Development
Butler County Community College*

For 30 years, the Pennsylvania Commission for Community Colleges has joined Phi Theta Kappa to honor students who have been nominated by their colleges to the All-Pennsylvania Academic Team.

The All-Pennsylvania Academic Team awards, building from the National All-USA Academic Team for two-year colleges, recognize an exceptional group of community college students who have achieved academic excellence and demonstrated a commitment to their colleges and communities.

These students represent the diversity of community colleges and are a testament to the colleges' mission that was created over 60 years ago: to provide an accessible and affordable path to higher education for all Pennsylvanians.

Some All-Pennsylvania Academic Team members will graduate and continue their education at baccalaureate degree-granting colleges and universities; others will use the skills and certifications they acquired at community college to enter the workforce. All of them will enrich the communities they join.

Tonight we join together to honor these students for their accomplishments and wish them success as they strive to fulfill even greater achievements.

Congratulations to all our All-Pennsylvania Academic Team scholars!

PHI THETA KAPPA
HONOR SOCIETY

April 2, 2024

Dear Honorees and Guests,

On behalf of Phi Theta Kappa's Board of Directors, Headquarters Staff, International Officers and Phi Theta Kappa members around the world, I extend greetings to all attendees of the All-Pennsylvania Community College Academic Team Recognition Ceremony.

The 2024 All- Pennsylvania Academic Team members are being recognized for their distinguished academic achievements and leadership accomplishments. This award is special in many ways. Team members represent the very best in leadership, scholarship, and service. More than that, they are selected by their institutions to receive this honor and are known by their college administrators and faculty to be the very best examples of student success. They serve as important role models in our colleges and our communities and are worthy of our respect and emulation. Through determination and discipline, they have reached levels of success they probably thought not possible for themselves. We applaud their success and hold them up in their educational journeys.

We commend the college presidents of Pennsylvania's community colleges and state officials for supporting and coordinating this important recognition event. This program recognizes not only accomplishments of students, but also recognizes the quality of instruction and extraordinary learning opportunities provided by the state's colleges.

We applaud the good work of Pennsylvania's colleges and the opportunities afforded to students to become all they dream to be. We wish all continued success.

Sincerely,

Lynn Tincher-Ladner, Ph.D.

President & CEO

PHI THETA KAPPA HONOR SOCIETY

1625 Eastover Drive, Jackson, MS 39211

Thank you to our generous sponsor!

PENNSYLVANIA'S STATE SYSTEM *of* HIGHER EDUCATION

To your success!

On behalf of Pennsylvania's State System of Higher Education and our 10 universities, I would like to congratulate each of the outstanding students selected to this year's All-Pennsylvania Academic Team. Each of you has earned this recognition through your hard work in the classroom and your involvement in your community. You've earned the accolades as you prepare to take the next step along your educational path.

The All-Pennsylvania Academic Team is an exceptional program. As chancellor of the State System, I am proud that we are a participant in it, and that we are able to provide tuition assistance to team members who will go on to attend one of our 10 universities. Since 2001, the State System has assisted more than 750 students through this program.

It is our honor to participate, and my privilege to offer you best wishes in all of your future endeavors.

Daniel Greenstein
Chancellor
